1. We regret our failure to run a trace on Subject prior to initiating the request for a BDC check. If we had done that, we should have become aware of the fact that he is the Subject of [] [] that there was previous traffic on him (e.g., EGFA-26095, dated 14 April 1959), and that there is a "dropped agent" card on him.

2. In view of the foregoing, we wish to give you the background to our request for a BDC check. This came to us from [] [] who in this instance was asking for information in his capacity as a member of the Council of the Deutschlandfunk. At the time he made the request, [] explained that Subject had applied for the position of chief of the Polish Desk of the Deutschlandfunk, and that he [] had a funny feeling about Subject and wanted him thoroughly checked before concurring in his employment with the Deutschlandfunk.

3. The data in the Attachments to the Reference were made available to [] [] He was looking forward to facing Subject with the information, none of which had been included by Subject in the curriculum vitae which he submitted with his employment application. But there never was a chance for such action, because - as [] [] advised us a few days later - Subject had died of a heart attack the week before.
